

Save the date for this engaging pop-up

April 3-5 2020

Manchester, UK

Creative. Collaborative. Connecting.

Come to Manchester, the original modern city:

- Home of the Co-operative Movement
- Creative Hub
- Innovation Centre

If you are interested in exploring creative and collaborative leadership with other CSC Alumni don't miss this exciting weekend. You will connect with friends old and new as well as gain insights from local leaders and get to do some interesting activities.

We will also consider how we can continue to connect and learn from each other by establishing place based chapters. Your input to this is vital.

From Friday evening to Sunday afternoon join us for fun and friendship to deepen learning. More details early in 2020 – watch this space!
